

Flexographic Presses

- Ideal for large runs
- Maximizes press efficiencies - Economies of scale
- 25+ presses nationwide
- Our quality and quick turn-around give our customers the edge.

Digital Presses

- HP Indigo 4500 & 6000
- High printing speed of 30 meters/min., in resolutions up to 1,219 dpi
- New two-color printing speed of 60 meters/min. (196 ft./min)
- High breakeven point with conventional printing for cost-effective production on jobs up to an average of 4,000 meters (13,123 ft)
- Broad range of media compatibility from 12-450 microns to produce flexible packaging, shrink sleeves, labels, and folding cartons

Digital Finishing with DIGICON

- Embossing NEW
- Hotstamp
- Silk Screen NEW
- Laminating
- UV Varnish
- Die Cutting
- Sheeting
- Seaming for Shrink Sleeves
- Other finishing

Cost savings are made by eliminating:

- film
- plate making
- chemistry
- cleaning
- start-up waste of expensive substrates
- time and material wasted to achieved register

Quality-on demand!

- 3 -5 day turnaround
- Offset print quality - resolution up to 800 dpi
- Seven colors, including special spot colors
- Vibrant colors
- Hot stamp capabilities
- Embossing

Substrates:

The digital press can print on a wide range of substrates. Compatible substrate materials include self-adhesive papers and Wine Approved specialty papers used for wine and gourmet foods.

Such as:

- Estate 4, 5 & 9
- Eggshell Wet Strength
- Gold Foil
- Matte Litho
- Black
- Synthetics:
- Teslin
- Vinyl
- Polyester
- Metalized PET

Affordable custom labels:

The power of digital printing becomes even more apparent when harnessed to databases to produce variable data printing.

Being able to change text and images - on the fly - is one of the most powerful uses of print available today.

Why digital?

Flexibility

- Seasonality
- Customization
- Multiple SKU's
- Personalization

Responsiveness

- Quick Turnaround Time
- Reduce Change over costs
- Reduce Pre-press Time

Quality

- High Resolution
- High End Graphics
- Photo Quality
- Prefect Registration

Variable Data Input

- Customization / Personalization
- Sequential Numbering
- Barcode Printing & Creation
- Digital Printing Benefits
